This evening at the Harvest Hom bowling alleys, South Side, the second handicap bowling match, in which players selected from the eight teams of the South Side League are to par-ticipate, takes place. Extensive pre-parations have been made for the event and an exciting contest is looked for The method of handicapping used The mathod of handicapping used makes it practically assured has there will be no "cinches." The game will be called at 7 p. m. and will be followed by an oyster supper for the learne bowlers and their triends. Newhard's orchestrs will furnish the highs to to the occasion. The handicaps are as follows:

Averaga Hindep.

The past week in the South Side League has brought about no startling changes in the standing of the clubs. Pamous continues at the ton and Aber Ni has just as secure a hold on tailend honors. Bandy Bons, the second placers, were unexpectedly defeated two times by the tail-enders, but they are still a few points ahead of Tidal Wave, and Harvest continues in fourth place. The standing of clubs is as follows:

BASE BALE

The circuit of the Inter-state Base Ball League has been completed by the admission of Akron as the eighth city. This leaves Mansfield out in the cold, for which the "fans" there have s alone to blame for. Had become a member of the inter-state with more enthusiasm, Strouthers would have locted there without taking the peep at Akron that resulted in Mansheld getting the cold shoulder. If Strouthers gives Akron a good team, which he has promised, that city will be one of the best in the Inter-state circuit. they taken hold of the opportunity to

Now that the circuit of the Inter-Now that the circuit of the Interstate has been filled, attention is turned to the schedule. The schedule committee is composed of President Power; Torreyson, of Dayton; Stroebel, of Toledo, and Anderson, of Youngstown. Their meeting will be hald at Akron about the middle of March. Each member of the committee is working on a schedule and from the four the best will be chosen.

Frank Torreyson, manager of the Dayton team, of the Inter-state league, has completed his team, says the Pittsburgh Post. The players are Hodgkinson, pitcher; Emig. pitcher; Rosebaugh, pitcher; Emig., pitcher; Torreyson, first base; Rieman, second base; Godar, third; Cargo, short; Painter, Flick, Hemphill and Armour, outfielders; Shay, Hewitt and Coffman, substitute infielders; Weand; and Dewald, catchers, Youngman may also be ter, Flick, Hemphili and Armour, our-fielders/ Shay, Hewitt and Coffman, substitute infielders; Weaml and De-wald, catchers. It is given out that Manager Watkins, of the Indianapolis club, of the Western league, will visit Fort Wayne this week and make the Inter-state club there the Hooster farm. At least six of the Indianapolis players, it is said, will wear the Fort Wayne uniform. One would think Fort Wayne had enough of the farming business hast season. Meyer desn't seem to think so, though.

The Wheeling management will give out the players signed for the coming season, this week. The team is practi-cally complete new.

Findlay is to have an independent club, and is desirous of exhibition games with Inter-state, Western and National league clubs.

Jack Glasscock, like old Roger Brown-ing, is on the lookout for a wagon tongue of the vintage of "3, and expects to be able to repeat his performance in léad-ing the Western league bâtsmen.

Ball, the old Wheeling short-stop, has signed again with Minneapolis. He is one of the star infielders of the Western league.

Local enthusiasts remember the fuss that was made over Hannavan in the spring of '96, and how eventually Whed-ing lost the player. Now that the New England league him flickered, he could no doubt be secured. As a litter he is away up.

THE BIG FIGHT.

CARSON, Nevada, Feb. 21.-The Western Union company proposes to have a lead-pipe cinch on the fight. It is said it will run but a single wire into the pavilion and during the fight will furnish the exclusive news by rounds to probably 168,000 pool-rooms, bar-rooms and hotels in the United States. The report of the light by rounds—that is, round 1 going out before round 2 is fought—will be under their exclusive control, and the charge will be \$20 apiece for these bulletins. Figure it out, and if 100,000 bulletins are taken it will amount to a couple of million dollars, all paid cash on the nail in advance. It was runored that the Mackay-Postai line would string a wire from Fresno over to Carson and compete for this business, but as the snow in the Sterra mountains is twenty feet deep, it is not probable that they will try to lay a new line at this season of the year. The report of the fight by rounds-that

deep, it is not probable that they will try to lay a new line at this season of the year.

The lighters must be in the ring, ready for battle by 11 o'clock a. m., and the fight comes off in the daylime to enable the kinetoscope people to take pictures of the fight. A Frenchman who elaims to be able to photograph in colors, has applied to Stuart for per-mission to take the fight, and has of-fered a large sum. He ciaims to have a machine which does all sorts of un-heard of things, and backs his request by offering to deposit a fat check for the privilege of being on hand.

CARSON, Nevada, Feb. 21.—Sunday was a busy day with Jim Corbett. The bright weather and warm sun brought out hundreds of people in sleighs, on foot and even on bleycles, with Shaw's Hot Springs the objective point. Corbett sunned himself on the front porchemost of the afternoon and smillingly doffed his cap to the salutations of dedicated the new hand ball court at 50 clock, with a close game. The champion then donned the gloves with Billy Woods. Woods wore a "mask" to protect his jaw and neck Corbett went at him in lively style, punching him hard and but for the protection afforded by the mask, any of the blows was sufficient to put the man out.

After nearly two hours of hard work. Corbett showed very little sign of fatigue.

After nearly two hours of hard work. Corbett showed very little sign of fatigue.
Fixsimmons passed the day very quietly. He took a run through the snow to-day, returning to the hotel Arington and passed the afternoon playing billiards. He went to his quarter's later on but did no work, as his paraphernalia has not yet arrived. Fitz-simmons will have a hand ball: court built in the payillon at Cook's Ranch, and will go in for Corbett's favorite game. Fitzsimmons looks well and says he is in the best of shape.

Dan Stuart is sufering from stomach trouble, with a slight fever and no visitors were allowed to see him to-day.

A national bird shoot in conjunction with the Corbett-Fitzsimmons carnival is now assured. To-day word was received from Elliott, the present holder of the championship. The shoot will begin March 17, and continue two days. Traps will be placed inside the race track enclosure, alongside of the areno. Stuart offers a purse of \$1,000 as an addition to the entrance money. Elliott will have its best marksmen in the country as competitors.

A CYCLE BACING CIRCUIT.

Bert Goble ts Working on a Circuit That Will Include Wheeling. Special Dispatch to the Intelligencer. PITTSBURGH, Feb. 21.—Bert G. Go-

The Chlonge Event Expected to be a Record Breaker.
CHICAGO, Feb. 21.—At 12:05 to-night Postmaster Hesing gave the word to the twenty-eight men who will struggle for honors in the six day bicycle race at was entertained from 7 o'clock until the race began by a programme of band music and trick and fancy riding. The management expects the event to be a record breaker, and those who have watched the training for the race express the belief that the mark set by Hale, of 1.910 miles 8 laps, in the recent Madison Square Garden contest, will be surpassed. The race is unpaced, and no "team work" will be permitted.

The men got off in good shape and with but few mishaps, the starters being roundly cheered as they began the long race. Following is a list of the starters:

"Teddy" Hale, A. E. Smith, H. Stewart, H.D. Blakeslee, B. Leslie, L. Gimm, C. W. Miller, F. Shinner, D. Bruno, A. A. Hansen, G. Hannart, H. Hobrecht, H. Daughters of the Revolution

WASHINGTON, D. C., Feb. 21.—The Daughters of the American Revolution will hold their sixth annual congress here, beginning to-morrow morning. The sessions probably will continue all the week. Several hundred accredited representatives are here and a number of important matters will be up for action. One of the principal questions is the setting aside of a site here by the government for a memorial or continental hall, a position originating with the late Mrs. Caroline Scott Harrison, then mistress of the white house, and indorsed by each Congress since. The Fresident-General, Mrs. Adial Stevenson, wife of Vice President Stevenson, will make the opening address and Mrs. Eiroy Avery, state regent of Ohlo, will respond. Addresses will follow by the presidents of Sons of American Revolution, and Sons of Revolution, respectively, and Mrs. Snow, of New York, will speak for the Daughters of the Revolution. The children of the American Revolution also will hold their convention to-morrow. ere, beginning to-morrow morning

GRAND FORKS, N. D., Feb. 21. One of the most disastrous fires in the history of this city broke out in Beare's dry goods store, in the three-story syndicate block, about 2 o'clock morning. The origin is a mystery, but apparently was caused by a gas jet. The flames had a good start and the firemen worked in twenty-five degrees below zero. On the ground floor Beare's dry goods store, Rand Bros., Ephraim Bros., clothing and Higam Bros., hardware, were total losses. Wilder's insurance office on the second noor and a large number of families suntained total losses. Many narrow escapes occurred by inmates who escaped in scanty clothing. The block was owned by William Budge and was the first big brick built in the clfy. The loss is estimated at \$225,000 and the insurance at \$110,000. morning. The origin is a mystery, but

Forced From Their Homes

MIDDLESBORO, Ky., Feb. 21.-A most disastrous flood visited this valley this morning, flooding two-thirds of the town. Sixty families were forced from their homes. Cumberland avenue, from their homes. Cumberland aveaue, the principal street, is under water. Most of the stores are flooled. Several hundred people have to be fed by citizens. At West Pineville, the Cumberland river broke over its banks, doing immeose damage. Fifty families were forced from their homes. All the mines on the creek are flooded. All the trestless and bridges on the Middlesboro at liver and bridges on the Middlesboro on the Knoxville, Cumberland. Gap & Louisville is gone. No mail has arrived since Saturday. All trains are waterbound.

Drewned by a Cloud Burst. MIDDLESBORO, Ky., Feb. 21.—Late ews from Tazewell states that James Chadwell, wife and children, were drowned in Powell's river. The flood burst over the bank and caught them in their house which was swept away.

Death robs a man not only of his life, but all too frequently of the remnant of his fife, but all too frequently of the remnant of his fortune, that ill health has left him. When a man pets out of sortes, he is undited for work or business. When a man's liver doesn't work right, neither will his brain of hands and with his brain of the right fleedicine, that man's fortune will begin to slip through his fingers because of bad judment or poor work. He will steadily grow worse until consumption or some fatal nervous malady overtakes him. Then will come death and it will not take the administrators long to wipe out the balance of his fortune.

When a man is out of sorts, it pays him to take the administrators long to wipe out the balance of his fortune.

When a man is out of sorts, it pays him to take Dr. Pierce's Golden Medical Discovery. It braces up the nerves. It makes the appetite keen and hearty, and the digestion perfect. It sets the torpid liver to work. It fills the arteries with rich, pure blood and builds firm flesh and strong muscles, healthy nerve fibers and active brain cells. It cures 98 per cent. of all cases of consumption, catarrh, bronchitis and lingering coughs. Thousands have testified to these facts. Honest dealers don't urge inferior substitutes for greater profit.

Capt. Everett A. Thomas, of the steamer Lizzle Townsend, residing on West Morgan street, Bridgeport, O., hearing of the wonderful success of Dr. Charles Lincoln Smith, decided some two weeks since to place his fourteen-year-old daughter Myrtle, under his care. The little girl had almost entirely lost the sight of one eye, and had been wearing a pair of glasses for some time past that were materially decreasing her chance of recovering the imperilled sight. She was also a great sufferer from headaches, a direct result of the optical affection. By the aid of Dr. Smith's method and prescription glasses a complete cure has

One of the most influential citizens of our sister city, Martin's Ferry, Mr. L. Spence, began life as a farmer's boy on an Ohio farm. Attention to business brought its reward, and by slow stages he advanced until he has become one of the wealthiest and most prominent men of that hustling river town. The midnight oil was often burned in gaining the knowledge necessary to a thorough business career, and brought its attendant trouble, and for years Mr. Spence has been greatly annoyed by defective vision. He tried various remedies and glasses and stated that by the aid of Dr. Charles Lincoln Smith's method and prescription glasses his vision is now perfect and he has no eye trouble whatever.

W. E. F. Connelly, clerk at the Pan Jacob street, states that "My wife has been afflicted for the past two or three years with watering of the eyes and severe headaches. We tried the method and prescription glasses of Dr. Charles Lincoln Smith, and she has had more comfort with them than we ever expected was possible; in fact, her headache have disappeared entirely and her eyes and vision are now perfect. He also made a most satisfactory pair of glasses for myself."

Homer R. Reynolds, the well known clerk at the Stamm House, who resides at No. 39 Twenty-third street, has a little daughter, Mary, nine years of age, whom they were obliged to take out of school on account of defective vision. The method and prescription glasses of Dr. Charles Lincoln Smith have restored her sight and she has again entered school.

For many years my wife has been ar intense sufferer from constant headache
—which had almost made her an invalid
—and poor vision, hardly being able to sew or read for the past three years. We have tried almost every remedy without relief. Having heard of your success in treating others, I concluded to try your skill, and I wish to state that by your method and prescription glasses now a well woman and has no head trouble whatsoever, and her sight is now perfect. FRANK SHIPMAN.

Rev. David A. Cunningham, DD. LL. D. pastor First Presbyterian church states:

He has demonstrated his skill in my case to making me a priceless pair of glasses, which have given me back the most perfect vision, and as he comes here with the strongest credentials from some of the most prominent people of the United States, some of whom are my personal friends, therefore I do not hesitate to commend him and hope he will have the success he deserves in our city and community.
